MOMIN MAHMMADBHAI

Full-Stack Developer (MERN)

9316515672 mhd.developer10@gmail.com Sidhpur, Patan, Gujarat, 384151

GitHub LinkedIn

Profile Summary

"MCA Graduate and Full Stack Developer with experience in developing web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in REST API development, database management, authentication systems, and responsive user interface design. Along with development, experienced in functional testing, API validation, and workflow verification to ensure software quality and reliability. Committed to building efficient, secure, and user-centric applications."

EDUCATION

MCA (Master of Computer Application) | CPI - 8.45 | GTU | 2024 - 2026

TECHNICAL EXPERTISE

- **Programming Languages :** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frontend Development :** React.js, Tailwind CSS, Bootstrap, Responsive Web Design
- **Backend & Real-Time :** Node.js, Express.js, WebRTC (P2P Audio/Video), Socket.io (WebSockets), RESTful APIs
- **Databases & Caching :** MongoDB, Mongoose ODM, Redis (In-Memory Cache & Pub/Sub), MySQL
- **State Management :** Redux Toolkit, Zustand, React Context API
- **AI & Cloud Services :** Google Gemini API, Cloudinary (Media Storage), Vercel, Render
- **DevOps & Observability :** Docker, Kubernetes (HPA), Helm Charts, Prometheus, Grafana, Sentry
- **Testing & Security :** Apache JMeter (Load Testing), OWASP, JWT Auth (RBAC), Postman, Swagger
- **Tools & Concepts :** Git, GitHub, npm, MVC Architecture, OOPs

WORK EXPERIENCE

ScubeN Techlabs Inc. | MERN Stack Developer Dec 2025 – May-2026

- Engineered SaaS, CRM, and business applications using React.js, Node.js, Express.js, and MongoDB for real-world business requirements.
- Developed scalable RESTful APIs, responsive UIs, JWT authentication, and RBAC with structured request/response handling.
- Contributed to end-to-end product development, including feature implementation, testing, debugging, and deployment support.

Inspire Software Co. | MERN Stack Developer **July-2026 – Present**

- Develop custom business management software and web solutions tailored to specific client requirements using the MERN Stack.
- Transform business workflows and requirements into functional, scalable software features across frontend and backend.
- Work on real-world applications, handling feature development, API integration, database operations, testing, and debugging.

PROJECTS

IntellMeet – AI Video Conferencing & Workspace Platform

- **Technologies :** React, TypeScript, Node.js, Express 5, WebRTC, Socket.io, Google Gemini 8.5 Flash API, Redis, MongoDB Atlas, Cloudinary, Docker, Kubernetes, Helm, Prometheus, Grafana, Apache JMeter, OWASP.

- **Real-Time Collaboration :** Built a low-latency WebRTC video conferencing platform featuring P2P audio/video streaming, screen sharing, Cloudinary cloud recording, and Socket.io signaling backed by Redis.

- **AI & Workspace Management :** Integrated Google Gemini 8.5 Flash API for automated speech-to-text transcripts, executive summaries, and action item extraction with real-time Kanban board task synchronization.

- **Testing & DevOps :** Achieved 100% OWASP (Grade A+) security, verified high throughput with Apache JMeter load testing, and orchestrated cloud deployment using Docker, Kubernetes, Helm, and Prometheus monitoring.

AI-Powered Interview Preparation Platform

- **Technologies :** React.js, Node.js, Express.js, MongoDB, Google Gemini API, JWT Authentication, RESTful APIs, and including Axios, Multer, Zod, and PDF-Parse.

- **Development :** Developed a MERN-based application for AI-powered resume analysis, skill-gap assessment, and interview preparation.

- **API & Security Integration :** Built secure REST APIs, integrated Gemini API, and implemented JWT Authentication for personalized interview question generation.

- **Testing & Report Generation :** Performed functional testing, API validation, and end-to-end workflow verification while generating ATS-friendly PDF reports using Puppeteer.

PERSONAL DETAILS

- Date Of Birth: 10-01-2004
- Nationality : Indian
- Languages Known : English,, Hindi, Gujarati
